

Jabra Evolve Series

A range of professional headsets to enhance productivity in the open office.

Superior noise cancellation enhances productivity, and world-class speakers deliver amazing sound for calls and music. Comfortable ear cushions allow you to use the headsets all day, and call-management features allow for incredible ease-of-use. Compatible with all leading UC platforms.

Better concentration, greater productivity

Enhanced noise cancellation and world-class speakers for amazing sound for calls and music. The Jabra Evolve 80 and Evolve 75 are proven to be the best headsets for concentration in the open office. Visit Jabra.com/ANC to find out more about our Active Noise Cancellation.

Stay in the zone

Reduce interruptions with an integrated busylight* that acts as a 'do not disturb' signal. This clever feature automatically lights up when you are on a UC call and updates according to your UC presence; when you are busy, the red light turns on to inform those around you that you are not to be disturbed.

End user friendly design

Means you stay productive with easy-to-use call management features and great sound for music to aid concentration. Ideal for mass deployment and facilitating a quick UC ROI.

Works with
