

## The Jabra Evolve Series Engineered to be the best professional headsets for productivity in the open office, offsite, or on the go.

Best-in-class noise cancellation enhances productivity, while world-class speakers deliver an amazing calls and music experience. Wherever you work.

A comfortable fit, ideal for all-day wear, and call-management features make Evolve incredibly easy to use. Every Evolve is certified for Skype for Business and Cisco, and is compatible with all leading Unified Communications (UC) platforms. The Evolve Series is designed for the needs of professional office and mobile workers, helping them remain productive wherever they work. Evolve also helps drive growth of UC adoption, so businesses can reap more Return on investment (ROI) from their investment in UC platforms.

### Better concentration, greater productivity.

Enhanced noise cancellation and world-class speakers deliver amazing sound for calls and music. The Jabra Evolve 80 and Evolve 75 are proven to be the best headsets for concentration in the open office. While professional office and mobile workers have quickly made the Evolve Series their go-to solution for on-the go working. Visit [Jabra.com/ANC](http://Jabra.com/ANC) for more on our Active Noise Cancellation.

### Stay in the zone. In any environment.

Reduce interruptions with an integrated busylight\* that acts as a 'do not disturb' signal. This clever feature automatically lights up when you're on a UC call and updates according to your UC presence; when you're busy, the red light turns on so those around you know you're not to be disturbed; it can also be activated manually when you want to concentrate without being interrupted.

### End-user-friendly design.

Stay productive with easy-to-use call management features and great sound for music to aid concentration. Ideal for mass deployment and facilitating a quick UC ROI. Jabra Evolve Series offers unique and attractive designs that users love.

\* Applies to Evolve 80, 75, 75e, 65, 65e and 40

More reasons to choose

### Jabra Evolve Series

- **All-day comfort**

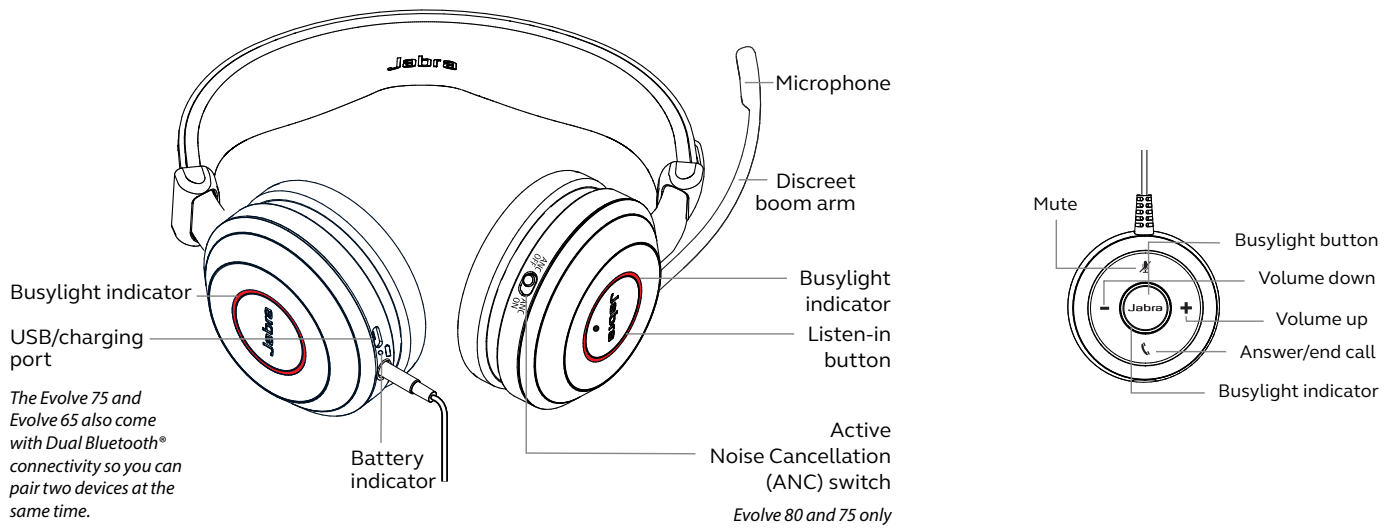

The Evolve series now offers a choice of wearing styles from traditional over the head to true wireless earbuds with Evolve 65t. All over the head headsets offer an on-the-ear design for all-day use with leatherette ear cushions. The premium Evolve 80 has leather feel and around-the ear design for maximum noise control.

- **Works with all leading UC platforms**

Certified for Avaya, Cisco, Skype for Business and more with simple Plug and Play connectivity, or Bluetooth® if you prefer a wireless headset. With options via 3.5mm jack or Bluetooth® to connect to smartphones as well as your pc. The Evolve 65 and Evolve 75 also come with an optional charging stand to help you keep on top of your battery needs.
